

Summer Season 2015

New members & those not assigned a color group

May through June

Saturdays 5:30 – 6:30 PM @ Blue Hills Regional School in Canton

July 9:00 – 10:00 AM @ Walpole Center Pool

Evaluation

This is not a “tryout”, we accept children of all ability levels. Evaluations are to determine placement in a color group that tracks with the child’s ability level.

All New members and those not yet assigned a color group for the season must come to be evaluated.

All 4 to 18 year olds that cannot swim the whole length of the pool will be in the Orange group - no need to be evaluated.

Please do not show up to a practice without being evaluated and assigned a color group, you will not be able to swim. I do not want to take the time away from practices for evaluations. You must be registered before you start practice, this will be strictly enforced.
